The Strums area is a collection of different strum patterns This area is just a collection of strum patterns.. Here the DOWN strums are on the ON beats (1, 2, 3 & 4) while the UP strums are on the OFF (counted as “and” written as “+”) beats.. Strumming Pattern #6| Listen to the audio of Strumming Pattern #6 16 th Note Strumming Patterns For slower songs strums just using eight note rhythms can be too slow.

With most strumming patterns you strum DOWN on each beat The 4 beats can also be divided in half creating eight beats in the bar funnily enough they're called eighth beats.. To fill in the gaps between the slower strums 16th notes are used 16th notes are twice as fast as eighth notes.. If you are looking to learn how to use the patterns check out the tutorials section.. I will be trying to add one new rhythm here every week Most guitarists spend a huge amount of time on everything EXCEPT rhythm guitar.. As a beginner guitarist the two essentials you need to learn to play songs are chords and strumming patterns. [Play Hacker Experience 1](#)

[Mozart Cosi Fan Tutte](#)

They spend way too much time on chords, scales and just noodling around So much so that they don't have the time to work on some of the things that really count – such as rhythm guitar.. So after learning the basic open string chords what are the strumming patterns that every beginner guitarist needs to know? The following 12 strumming patterns and rhythms enable you to strum your guitar through many songs from The Beatles, The Eagles, The Rolling Stones, Bob Dylan and many more.
